

## PRESS RELEASE

# GO ● MODERN

Go Modern, fast becoming one of the U.K.'s leading contemporary furniture retailers, has launched a new collection of sophisticated Italian kitchens; available both online [www.gomodern.co.uk](http://www.gomodern.co.uk) and in-store from the 15th June 2009. The new intelligent designs combine luxury with longevity, affordability with functionality and are available in stylish lacquer finishes, as seen in the celebrity house on ITV1's Hell's Kitchen. As well as the dramatic red lacquer refuge for Marco's celebrity chefs, Go Modern offers stunning laminate and lacquered glass alternatives in a variety of contemporary colours from cool neutrals, to chic blacks or even indulgent chocolate, perfectly complimented by their wide selection of worktops; including quartz, stone and glass.

All kitchens are custom-made and fitted by Go Modern's team of expert kitchen fitters, with delivery approximately six weeks from order. To download high resolution images or to make an appointment to view the latest Italian kitchen designs and contemporary appliances at Go Modern's London showroom, please contact Phyllis Walters [www.phylliswalters.com](http://www.phylliswalters.com) on 020 7349 7135 or email [phyllis@phylliswalters.com](mailto:phyllis@phylliswalters.com)

THE BEST OF CONTEMPORARY DESIGN, FROM CLASSIC TO CUTTING EDGE
